H.S.C.	G.S.H.E.B. Gandhinagar	MARCH - 2013	50 % P.R.
B.E. (Mechanical)	Gujarat Technological University	MAY-2017	7.53 CGPA

### PROJECTS

➤ **8<sup>th</sup> SEM:** Design/Fabrication of Canal Cleaning By Hydraulic System

**Info :** In last year project we made a system which is placed on dumping vehicle and can be clean the floating garbage from outside the canal by means of hydraulic system and gripper. By means project the manual work can be reduce and in canal at some depth the deeper garbage also removed.

➤ **6<sup>th</sup> SEM:** Regenerative Braking System

**Info:** In this the main concept of the project is to reduce the pollution of environment by means of vehicles. This braking system is placed in vehicle and from this the friction brake is being removed. The power/energy of the brake can be recovered by batteries placed near the tires. Main advantage of the project is there is no need of any type of fuels.

➤ **4<sup>th</sup> SEM:** Pedal Power Washing Machine

**Info :** In this Project we have made a machine which can be reduce hand work for washing Clothes. Machine includes drum, free wheel, Linkages, casing cover, electric indicator Etc. parts. When we pedaled it the clothes can be washed in the drum.

## Work Experience
