TECHNICAL SKILLS

- Solid-works
- Auto-CAD
- Team work

AREAS OF INTEREST

- Machine designing
- Production
- Maintenance
- Quality Control

EDUCATIONAL QUALIFICATIONS

PURSUED GRADUATION AT IPCOWALA
INSTITUTE OF ENGINEERING AND
TECHNOLOGY IN MECHANICAL
ENGINEERING

7.87 CGPA | 2015-2019

NEW ENGLISH SCHOOL(GSEB)
12TH GRADE - 47.55 %| 2013-2015

ENGLISH TEACHING SCHOOL (GSEB)
10TH GRADE - 84.00 % | 2013

CERTIFICATES & TRAINING

- 15 days Industrial Training at Ashtec Engineering company, Ahmedabad.
- Attended workshop in current trends in CAD/CAM and CAE, at IGTR MSME Tool Room, Ahmedabad.
- Training certificate of Auto-CAD and Solid-works.

PROJECTS

Me and my team opted to work in a company named "SHAH PAPERPLAST PVT. LTD." where we carried out our project for tenure of one year. We worked on machine called "Zenbo 1200 cx-430" which produces paper bags to uphold green revolution, on which we calculated overall time required by machine to produce a product and implemented Time study and Motion study to decrease delays in production and increase overall productivity.

As per requirement we also reconstructed the Plant Layout which also plays an important role in increasing the overall productivity. We implemented lean approach as well as just in time, p-chart, c-charts for defects to improve the productivity.

In our final year, our group decided to continue with the same project and we decided to implement other useful techniques to improve productivity and quality such as Six sigma, TPM, JIT, KAIZEN, etc.
