EXPERIENCE

Nirmal industrial controls, Asangaon — *Production engineer*

January 2019 - PRESENT

- Planning, operation and controlling on production, Man power handling.
- Inspecting visual and operation of Safety valve, Downstream and Upstream valve.
- Handled CSR and Servicing of valve.
- Inspecting pressure regulating system (PRS).
- Identifying and solving problems in product.(performance and visual problems).
- Inspecting and supervised Pipe spool include visual test, hydro test and Pneumatic test.
- Daily taking Safety round & 5S round in shop floor.
- Leading, Monitoring to ensure efficiency of process operation & achieving targets.
- Taking initiate action when process becomes unstable.
- Responsible for daily production report evaluation.

EDUCATION

Alamuri Ratnamala institute of engineering and technology, Shahapur — **B .E Mechanical engineer**

August 2015 - July 2018.

- CGPA 6.75.
- Full time course.
- Mechanical gauge calibration -(7 day internship).

Shivajirao Jondhle polytechnic, Asangaon—**Diploma in Automobile engineering**

August 2011 - January 2015

- Percentage 73.14 %
- Full time course.

ACHIEVEMENTS

- Worked and inspected on *Jacketing* Safety valve.
- Worked and inspected on *PTFE* soft setting Safety valve.
- Worked and Inspected valve of *MAHANAGAR GAS LIMITED* , *Dangote* , *Abu ilyas* , **Gail** , **Dr.reddys** , **Kirloskar** ,**JSW**, **L&T** (Downstream valve, Flame arrestor and Upstream valve)
- ASME safety valve audit successfully completed.
- ATEX audit successfully completed.

SKILLS

- Production supervisor.
- Quality control and assurance.
- Problem resolution.
- Team work.
- Training and mentoring.
- Communication skills.
- Social media skills.
- Leadership skills.

CERTIFICATION

NDT level 2-:
- Liquid penetrant.
- Magnetic particle.
- Radiography
- Ultrasonic.

Quality assurance and Quality Control:-
- Welding terminology

LANGUAGES

English , Hindi , Marathi
