### Academic Project

---

**Title** : **Design of solar baking oven with using shiffler plates.**  
Project Duration : 1 Year ( working on it)

**Description** :

Our main aim was to use no fuel as well as no non-renewable energy usage. So we have used solar energy as our source and covered various aspects. Our project uses Schaffer reflector to concentrate heat on baking oven which helps in cooking food as well as boiling water.

The objectives of our project is to reduce high consumption of energy in oven by improving its design which is going to be portable too.

### Training Undergone

---

Underwent 1month internship at Reliance industries dahej. where I acquired basic practical knowledge of a High pressure boilers, compressor, pumps and Colling tower. And I got familiarize with important equipment and awareness on industrial safety.
