

## **Company Profile**

We are glad to introduce ourselves Fieldman Engineers Pvt Ltd., as one of the leading ISO 9001:2015 manufacturing organization has its home base at Rajkot, Gujarat, India We are manufacturers and Exporters of various types of pumps i.e. Centrifugal, Mechanical, Volute Type Couple, Tractor Driven Gear Box type, Submersible, Openwell, Monoblock, Self-Priming etc. under the brand name "doctor"

Since 1988, FEPL is a renowned name in manufacturing Centrifugal, Mechanical, Volute Type Couple Pump and Self-Priming Pump under the leadership of Shri P.M. Patel coming from an ordinary farmer family, acumen in the field of farming had only one goal that of the up-liftment and welfare of the farmers, started from small land of area and now reached up to a unit of more than 1.0 Lacs sq, feets His concept of life that business should not be only money oriented, but also should contribute in building the nation's strength.

Today, the agriculture innovation is being done in various sectors in our country, as we are a part of the sector, we have also made our best endeavours to develop the pumps which can ease the farming and its economical operation benefits can also be availed by the farmers and enhance their agricultural appliances for irrigation. Moreover, day by day our country particular in total agriculture sector 'is on verge of electrification, therefore part of our forecast, we have also developed electrical pumps like Submersible, Openwell, and Centrifugal Monoblock to keep the track with the market requirements.

### **Our entire Manufacturing Range is as under:-**

- Centrifugal Pump
- Centrifugal Mechanical Pump
- Volute Type Couple Pump
- Volute Type Split Casing type Couple Pump
- V-Belt & Couple Type Single Bearing Pump
- Tractor Pump Gear Box Driven Pump
- Tractor Driven V-Belt Double Bearing TD Series Pump
- Water Circulating pump
- Diesel Engines
- Mud Pump
- Alternator
- V3 Submersible Pumpset from 0.5 HP to 1.5 HP
- VA Submersible Pumpset from 0.5 HP to 75HP
- V5 Submersible Pumpset from 3.00 HP to 10.00 HP
- V6 (Slim) Submersible Pumpset from 3.00 HP to 15.00 HP

- V6 (S5) Submersible Pumpset from 3.00 HP to 30.00 HP (50 ft & 70 Ft both)
- V6 (Mix flow) Submersible Pumpset from 3.00 HP to 20.00 HP
- V6/V7 Janta Model Submersible PumpSet from 5.00 HP to 20.00 HP
- V5 & N7 Horizontal Openwell Submersible Pump from 0.5 HP to 5.00 HP in Copper & Aluminum Rotor
- V8 & V9 Horizontal Openwell Submersible Pump from 3.00. HP to 10.00 HP in Copper & Aluminum Rotor
- V10 Vertical Openwell Submersible Pumpset from 5.00 HP to 10.00 HP in Copper Rotor
- Induction Motors from 1.00 HP to 3.00 HP
- Centrifugal Mono Block Pumps from 0.5 HP to I Phase and 10.00 HP in Ill Phase
- Self-Priming Monoblock Pumps from 0.50 HP to 1.00 HP

**Kindly Visit our Website: [www.doctorpumps.in](http://www.doctorpumps.in) for the Brochures.**

All the above products are of quality standards and continued efforts are made to enhance the Performance of our products.

We adopt stringent quality control and quality assurance methods to ensure best performance from our products. We, therefore request you to kindly register our name in your vendors list and kindly arrange to send us your reply along with your requirements.

Thanking you and assuring our prompt and best services at all times.

**With Regards & Best Wishes**
