## ABOUT US

Chandra Pumps Pvt. Ltd., a leading name in manufacturing of “CHANDRA” make Vertical Turbine Pumps and Submersible Pumps. Chandra Pumps offers high quality products and services to clients in all over India. Established in 1968, today “CHANDRA” is serving in the vital fields of national interest such as :

- Urban and Rural Water Supplies and Sewerage Schemes.
- Defence – Military Engineering Services.
- Agriculture – helping in irrigation through pumping sets.
- Core Industries like Sugar, paper, steel, Fertilizers and various Process Plants.
- Power Projects
- Coal Fields
- Construction & Infrastructure Projects.

## BOARD OF DIRECTORS

Mr. K. K. Maheshwari  
Managing Director

Founder of the Company with an assertion for quality and insight on future, he acts as an engine for the company.

Mr. Pramod Maheshwari  
Joint Managing Director

With his vast experience and knowledge to tackle important task he is an important asset to the company.

Mr. Rajesh Maheshwari  
Director

Technical Director, he is an experienced Management Consultant, and he is bond to take company to new heights.

## VISION & MISSION

Chandra shall be a leading manufacturing company with Global Perspective offering superior quality products and services for Water & Process Plants sectors through reliable, economical and innovative turnkey solutions in water management, power generation, improved irrigation systems and defence sectors.

We want to be among the best companies in institutional sectors by promoting our long life consistent performance pumps in profound industries and government projects/schemes .

We want to be a continuously growing company through expressing our core values and potential of producing the dependable and reliable pumps at competitive prices.

Chandra will endeavor to achieve its Vision by continually upgrading its core competence through a judicious mix of research & development, experience, technology-imports, human resource development, promoting team spirit and entrepreneurship among its employees in order to achieve total customer satisfaction.

## PRODUCT & SERVICES

**The products and services we offer include :**

- Vertical Turbine Pumps (Discharge capacity from 150 LPM to 40,000 LPM)
- Submersible Pumps and Motors Sets.
- Fire Fighting Pumps
- Sump Well Pumps
- CWR Pumps
- Intake Well Pumps

## PRODUCT FEATURES

Chandra Pumps have wide application in the field of agriculture and drinking water supply etc. Economical and low maintenance operation make these pumps ideal for irrigation purposes. These pumps are adaptable for municipal use to meet thousands of primary water wells. These pumps also have varied type of demand and needs for supply of water to all Industrial Units small, medium, large or giant Industrial companies. Central Government is giving priority to provide fresh drinking water for all rural and urban areas. State Governments are giving priority to agricultural and irrigation sectors.

## APPLICATIONS

### ■ Public Utilities:

- Urban Water Supply
- Rural Water Supply
- Domestic Water Supply in high rise building

### ■ Industry

- General Service Water
- Process & cooling water services
- Raw & Treated Water Services
- Fire Fighting Services

### ■ Agriculture

- Tube well Irrigation
- Open well Irrigation
- River/Canal Irrigation
- Sprinkler Irrigation

## PRODUCT PROCESS

- Engineering Design
  - Performance Check
    - Proceed for Mass Production
      - Manufacturing Process with Intermediate
        - Quality Checks
          - Bed Test for Performance Check
            - Supply, Installation and Commissioning
              - Happy and Satisfied Customers

## ENGINEERING EXPERTISE

Chandra Pumps incorporate a great combination of young talents and experienced professionals in field of Engineering in order to achieve the 100 % quality assured product. Engineers and Marketing professionals do analysis in their respective fields and actively participate in Research and Development to provide the company a continuous push towards its Vision. A Process based Approach, step wise regular Quality Checks, Testing as per Indian Standards, Final Inspection of Finished Goods under the supervision of Quality Engineer, Engineering Head and Inspecting Officer from Govt. Dept.. make Chandra product , a benchmark of trust. Team in Chandra Pumps possesses vast experience of Designing, Developing, Manufacturing, Installing and Running over 6000 pumps all across India, exploring their experience of more than 49 years in Pump Manufacturing Industry .

## TESTING LABORATORY

Chandra Pumps Meerut facility is equipped with two High Tech Testing Laboratories to test the performance of the Finished Good to meet the required specifications and parameters using Digital Panels with Latest Technological Procedures and Standard Methods under well qualified and experienced Technical Team.

## TESTING & QUALITY CONTROL

CHANDRA PUMPS manufactures according to Bureau Of Indian Standards.

### ❖ Quality Control

- Dynamic Balancing Machine (DBM)
- Surface Finish Measuring
- Hydraulic Pressure Testing

### ❖ Testing

- 2 High Tech Testing Labs.
- Computerized Data Acquisition.
- Electronic Measuring Instruments.

We procure casting of Items like – C.I. castings , S.S. Castings & Bronze Castings etc. from various established manufacturer. After getting Raw material, we send a sample piece to any NABL Accredited Testing Laboratory for conforming Grade of MOC (Material Of Construction) & Mechanical Properties.

We machined the raw material with the help of the related ‘drawings’ in our factory. All the measuring instruments are calibrated from NABL Accredited Laboratory.

We do Quality Check related tests in our factory like – Balancing of Impellers and Hydraulic Pressure Leakage test of - Casing, Discharge Head and Column Pipes.

Various Components are assembled to make Pumps.

We have Two Testing Laboratory, one is used for up to 50 HP & 8000 LPM Discharge and Second is of 50 HP & up to 20000 LPM Discharge, for Checking Performance of the pump in respect of Discharge, Head, Speed and Power in KW and for Measuring all these things we use NABL Accredited Testing Instruments like – Magnetic Flow Meter and Digital Power Panel.

We carry out Performance Test of the pumps in our Testing Laboratory in front of INSPECTING ENGINEERS From the Respected Departments and also Perform all the test and submit all the Certificates, like – Material Test Certificate of the MOC (Material Of Construction) and Calibration Certificates of measuring Instruments with the Performance Test Report of the Pump.

At the time of Dispatch the Material, Final Inspection done in the presence of Production Engineer and Quality Control Engineer.

Company's Product is being satisfied and used by various Government buyers like – U.P. Jal Nigam, Uttarakhand Peyjal Nigam, P.H.E.D, Kerala Water Authority, Bhakhra Beas Management Board, etc. for last many years. Company is supplying product as per IS Standards, mentioned in the tender.

## SAFETY & QUALITY

## OUR ESTEEMED CLIENT

- ❖ U.P. Jal Nigam
- ❖ Uttarakhand Peyjal Nigam
- ❖ State Electricity Boards
- ❖ Military Engineering Services
- ❖ Kerala Water Authority
- ❖ Sugar Industries
- ❖ Paper Industries
- ❖ Distilleries
- ❖ Ordnance Factory
- ❖ Bhakra Beas Management Board
- ❖ Semi Government Sectors
- ❖ Public Health Engineering Department
- ❖ Punjab Water Supply and Sewerage Board
- ❖ Coalfields
- ❖ Power Plants
- ❖ Housing Boards
- ❖ Irrigation Department
- ❖ Private Sector and many more....

## CERTIFICATIONS AND REGISTRATIONS

- ❖ Company is registered with NSIC, New Delhi  
No. NSIC/GP/NOI/2014/0008352.
- ❖ Company is registered with INDIAN INDUSTRIES ASSOCIATION (IIA) Meerut.
- ❖ Chandra product is subjected to Inspections and Testing Reports performed and approved by Government Engineers and various authorized organization/personell.
- ❖ Manufacturing Unit manufacture pumps conforming to Reference Standards :
  - IS 1710
  - IS 8034

# APPROVAL FROM LABOUR DEPARTMENT UTTAR PRADESH

10/9/2019

uplabouracts.in/report/CertificateLicense/frm\_FARegCertificate.aspx?Param2=UPFA7000203

## Labour Department, Uttar Pradesh

LICENCE UNDER  
SECTION 6 OF  
THE FACTORIES ACT, 1948  
FORM No. 3  
[RULE 7, (1)]

(Registration and Licence to Work a Factory.)

Registration No:- **UPFA7000203**  
Old Registration No:- **MRT-863**  
Date Of Issue **09/10/2019**

Licence is hereby granted to **SH.K.K MAHESHWARI** valid only for the premises described below for use as factory employing not more than **50** persons on any one day during the year and using motive power not exceeding **50 H.P.** subject to the provisions of the Factory Act, 1948, and the rules made thereunder.

This licence shall remain in force till **31/12/2029**, unless further renewed.

### Description of the Licenced Premises

The licenced Premises shown on plan no. **361** dated. **03/04/1975** are situated in **CHANDRA PUMPS PRIVATE LIMITED, DELHI ROAD, MEERUT**, District :- **Meerut** and consist of the buildings shown on approved site plan.

### Validity

Valid From	Valid Till	Fee
01/01/2020	31/12/2029	6150.00

Issued on the behalf of the Director of Factories, Uttar Pradesh

### Note:

1. This is a computer generated licence, hence, no signature is required.
2. This licence may be verified from the website of the Labour Department, Govt. of UP - [www.uplabour.gov.in](http://www.uplabour.gov.in)
